

## NON-NHS Fees List

**Please pass any requests to the Receptionist who will send this to the Secretary to process. We will do our utmost to complete this as quickly as possible, but dependent upon workload, it may take up to 10 working days where no examination is required. Examinations may take longer to arrange.**

The BMA sets and agrees a schedule of fees with various agencies for routine work (e.g. certificates, reports and examinations) that doctors are asked to undertake. Where there is no agreement in place, doctors may set and agree their own fees in advance to undertaking the work. BMA make suggestions on some fees for non-NHS work - our prices are based upon BMA lowest suggested rates where possible as at **30/01/2025**.

### NON-NHS forms/tests we do not complete

We are unable to process any forms that require our clinician's personal information to be included, for example; Passport Forms, Citizenship Forms. Your form will most likely state other organisations that will be able to complete these for you instead. We are unable to provide diving medicals or fit to dive certificates as we are not UKSDMC referees.

ECG, Chest X-Ray, Blood Tests that are required on forms for occupational health purposes or similar – which are not for the purpose of diagnosing a suspected condition – will not be provided; you should seek these tests from other sources such as privately. It cannot be provided under the NHS.
